

EXTRAS

Sûre Park Playground (“Saverpark”)

If you are still not tired after your walking tour, you can let off steam in the adventure playground in Rosport. There are several great water-related games to play here: swings, slides, climbs, water-play, and much more. If you fancy a break and a picnic, there are recliners and benches by the playground.

PC 3 Cycle Path – Moersdorf - Rosport

This section of the PC 3 cycle path takes you over an easy stretch along the river Sûre from Moersdorf to Rosport. To make the cycle tour even more exciting, you can download the Actionbound app and answer questions all about energy and water. You can ride the route in both directions, as it is not a circular route. In Rosport, you can also switch to the cycle path on the German side and take the bridge in Metzdorf to come back to Moersdorf. That makes for a round trip of about 19 km.

Actionbound: "Pure Excitement, on the Cycling Tour with Batty Volt"

Together with Batty Volt, you can go on an informative energy and resources tour. You will need to exercise not only the brawn in your legs, but also your brain. To make sure your batteries don't run flat before you reach the Sûre Park (Saverpark) with its adventure playground, we split the route into 4 sections. At each stop, you need to listen closely to Batty Volt and then solve a puzzle. Each correct answer gets you nearer to the solution.

Follow the "Moersdorf – Rosport Saverpark" section of the PC 3, marked on your sheet, using the Actionbound app to guide you. The cycle route out and back is 15 km long. For the return trip to Moersdorf, you have the choice of taking the cycle path on the German side. From Rosport, ride over the bridge to Ralingen and then take the cycle path by the Sûre to Metzdorf. In Metzdorf, you cross back over the bridge and back to Moersdorf – a total trip of 19 km.

Answer to the Word Puzzle

The solution is formed by using the letters in front of the correct answers. Only the last letter is missing. But perhaps one of the adults has an idea about that, and can whisper it to you.

For this, you need the Actionbound app. You can download the app free of charge. Scan the QR code, using the app. That will take you straight to the puzzle questions.
